## ABOUT AHI CARRIER

**AHI Carrier** is a Joint Venture company formed in December 2008 between Carrier Corporation a United Technologies company and Air-conditioning & Heating International (AHI) - A Carrier distributor in Russia, CIS & Central East Africa since 1997 (27 countries). Since the creation of AHI Carrier JV, our reach has expanded to include Central & South Eastern Europe, Australia, New Zealand, South Africa and parts of Middle East Countries (99 countries).

### AHI Carrier Controls & ELV Solutions (CES)

It has established itself in developing and providing comprehensive and efficient Building System Solutions right from standard commercial projects like shopping malls, office complex, hotels to specialized applications like airports, hospitals, data centers, etc...

#### The Scope includes:

- ✓ Building Automation Systems
- ✓ Fire Alarm & Suppression Systems
- ✓ Public Address & Voice Evac Systems
- ✓ Access Control & Security Systems
- ✓ Video Surveillance Systems
- ✓ Intrusion Alarm Systems
- ✓ Electrical & Instrumentation
- ✓ ELV System
- ✓ Home Automation & Lighting Control
- ✓ Site Services

# OPTIMIZE YOUR BMS CONTROLS, FIRE & SECURITY SYSTEMS WITH EFFECTIVE MAINTENANCE

Shift your focus from constant troubleshooting to ensuring optimal occupant comfort and operational savings. With AHI Carrier, you can fully leverage your building management system (BMS) and controls through expert services, from initial installation, system upgrades and annual maintenance contracts.

## Expertise You Can Trust

As the original equipment manufacturer (OEM), we provide unparalleled service, genuine parts, and specialized knowledge to preserve the functionality and reliability of your BMS and controls.

## OUR COMPLETE BMS AND CONTROLS OFFERINGS

## COMPREHENSIVE BMS AND CONTROLS AMC CONTRACTS

### Swift and Reliable Repairs

From emergency fixes and alarm response to addressing energy efficiency and comfort control issues, our skilled technicians provide prompt and precise service when you need it most.

### Proactive and Planned Maintenance

Maintain peak performance by optimizing energy consumption, comfort, and building health. Early issue detection helps minimize disruptions and emergency service calls. Our maintenance solutions include:

- **Planned Service:** Onsite maintenance performed by local experts, using data from your connected controls to customize service visits that suit your facility's needs and budget.
- **Proactive Maintenance:** Stay ahead of potential failures with strategic upgrades that prevent unplanned downtime and costly emergency interventions.

- . GREEN BUILDING CONSULTING

## Complete Solutions

- Hotels & Hospitality*
- Commercial Buildings*
- Residential Complexes*
- Data Centers & Telecommunication*
- Education Facilities*
- Museums & Heritage Buildings*
- Industrial Plants*
- Airports & Transportation*
- Oil & Gas Facilities & Offshore Plants*

## System and Services

- HVAC Plant Management Systems*
- Building Automation & Management*
- Fire Detection & Alarm Systems*
- Fire Protection & Extinguishing*
- Public Address & Voice Evac*
- Home Automation & Lighting Control*
- Video Surveillance Systems*
- Access Control & Integrated Security*
- Other Low Voltage Systems*

# BUILDING AUTOMATION, FIRE & SECURITY, ENERGY AND ENVIRONMENTAL CONTROL

## ASSURANCE PLANS

Our Assurance Plans are a suite of comprehensive services for Automated Logic customers. By using data from your facility and our powerful analytics tools, our professional experts will deliver unmatched service experiences tiered to meet the precise needs of your business.

**⚙️ CORE**

Core is an economical solution for customers with IoT-enabled equipment that collects real-time data to improve staff efficiency and reduce unplanned downtime.

**⊕ ENHANCE**

Enhance is complete preventive maintenance and technical expertise including proactive monitoring of health, efficiency and performance with actionable insights to identify opportunities for reducing operating costs and avoiding failures.

**★ ELITE**

The ultimate worry-free, peace of mind program for clients. Realizing building comfort, efficiency and operational goals with AHJ Carrier turn-key solutions powered by predictive analytics and OEM expertise.
